

# JOIN THE HERD

## BECOME A TRUSTEE

TAAP is a charity registered in England and Wales. Our objectives are:

- To help humans treat animals better. We aim to prevent animal cruelty and stop animal suffering; where we can - we go beyond this to push for all animals to have good lives.
- To teach people how the law can help us change the lives of animals, for the better.
- We equip the community around us with advice and information, so that together we can help animals live better lives on Planet Earth.

## THE ROLE

TAAP is growing, and we need passionate and enthusiastic people to join our board of trustees. We are a charity with a difference - just have a look at our website. We think we bring a unique and authentic voice to the movement. We are determined to pursue our charitable objectives in a way that is smart, creative, and above all that has the potential to make systemic changes that can improve the lives of as many animals as possible. We like people who are bold and brave and maybe a little bit sassy. We also need people who can roll with the punches, who understand that, for every win, we will probably have many, many losses, and that this is part of the journey. Who appreciates that this work is hard, but who can get back up and keep going (we can help with this).

If this sounds like you, then please drop us a line on [info@taaproject.org](mailto:info@taaproject.org). We are open to hearing from anyone, and would be especially keen to hear from those of you with a legal background, animal advocacy experience, environmental advocacy experience, social media strategy skills, fundraising experience, PR skills...we like skills – give us all the skills!

## **TIME COMMITMENT/ NITTY GRITTY**

- preparation for and attendance at board meetings that take place 3-4 times a year.
- Responding to emails from the trustee board/employees occasionally – not more than 5 emails a month.
- The meetings are held remotely on Zoom, but if possible we would look to have a meeting once a year in London.
- This is a voluntary position, but expenses are reimbursed.

## **WALKING THE WALK**

At our heart, we are a social justice organisation and we care about making the world a better and fairer place. We are acutely aware of the under-representation of minority communities in animal advocacy, and we encourage applications from people or who are currently unrepresented in organisations involved in animal advocacy.

## **HOW TO APPLY**

Please send an email to [info@taaproject.org](mailto:info@taaproject.org) telling us a little about yourself and why you would like to be a trustee.
